They were made quite sore by the action of the Democrats yesterday in regard to the Public l'rinting bill. The Democrats have made the fusionists say that it was their purpose to get the printing out of reach of any Democrat. It is the belief here that it will be given to the Winston Republican.

Jeter C. Pritchard, who was last night selected as the Republican Senator, tells me he wanted only the short term. Two years have Senator, teils me he wanted only the short term. Two years hence he will stand for re-election. His selection as the Senator means that fusion is to continue in 1896. It is a knock-out of the straight Republicans, Ewart, Holton and Walser. Start, Holton people declare that there was an agreement between Butler and Pritchard for a division of the Senatorships. They say this is unquestionable, and that Butler has worked for Pritchard.

Contractor Muldoon says he now fears it will require a longer time than five weeks to complete the monument.
